PROGRAM OVERVIEW

This symposium has been planned and designed for those that are involved in the care of TCD patients. The state of Missouri enacted laws creating coordinated statewide emergency medical services for the time-critical conditions of trauma, stroke, and the potentially fatal form of heart attack known as STEMI. All of these conditions require quick assessment, diagnosis and treatment by a facility that can provide timely, definitive care to minimize risk for preventable complications and death.

PROGRAM AGENDA

- 7:15 a.m. Registration and Continental Breakfast
- 7:55 a.m. Aaron Doonan, MD
Welcome and Introduction
- 8:00 a.m. Aaron Doonan, MD
"Management Of STEMI Patients"
- 9:00 a.m. Brian Friedman, MD
"Recognizing STEMI Patients, and the proper use & application of medications"
- 10:00 a.m. Break
- 10:30 a.m. Daniel Kaplan, DO
"Inequities, Barriers, And Strategies for Improvement In Time Critical Stroke Care In Rural & Under-Represented Populations"
- 11:30 a.m. Buffet Lunch
- 12:30 p.m. Anthony Harrington, MD
"Signs, Symptoms, Time Critical Assessments, and Acute Treatments for stroke variations"
- 1:30 p.m. Alicia Patterson, MD
"REBOA vs. ED Thoracotomy"
The Martin L. Crow, MD Lectureship for Surgery
- 2:30 p.m. Break
- 2:45 p.m. John Chipko, MD
"PTSD: A Major Hurdle For Recovery of Injured Patients"
- 3:45 p.m. Summary and Evaluation
- 4:00 p.m. Adjournment

TARGET AUDIENCE

The target audience includes those involved in the care of Time Critical Diagnosis patients. This includes physicians, advanced practice nurses, nurses, respiratory therapists, and emergency medical personnel.

EDUCATIONAL OBJECTIVES

At the conclusion of this activity, attendees should be able to:

- Review the early medical management of STEMI patients
- Review proper use of medications for STEMI patients
- Determine when to use lytics and when not to use on STEMI patients
- Discuss racial/ethnic inequities in stroke assessment and treatment and recommendations for improving care in under-represented populations
- Discuss barriers in stroke treatment for patients living in rural areas and methods being employed to improve access to timely care
- Identify signs and symptoms of stroke utilizing validated assessment tools
- Demonstrate knowledge of the difference between ischemic and hemorrhagic stroke
- Define cortical signs of large vessel occlusion
- Discuss considerations for routing to primary vs. comprehensive stroke centers based on assessment with validated assessment tools
- Demonstrate knowledge of acute treatment available for stroke, including:
 - Use of thrombolytic agents (Alteplase and Tenecteplase) and inclusion/exclusion criteria for eligibility
 - Mechanical Thrombectomy and inclusion/exclusion criteria for eligibility
 - Use of intra-arterial Alteplase in patients with intracranial clots that cannot be mechanically removed
 - Methods to control hematoma expansion in hemorrhagic stroke
- Review the clinical differences between REBOA and ED Thoracotomy procedures
- Describe clinical indications for use of each procedure
- Review recent literature supporting the use for REBOA vs. ED Thoracotomy
- Identify the signs of PTSD in the injured patients
- Discuss the impact and treatment options for injured patients diagnosed with PTSD

FACULTY

John Chipko, MD
Extant Healthcare

Aaron Doonan, MD
Midwest Heart &
Vascular Specialists

DISCLOSURE OF FACULTY & PROVIDER RELATIONSHIPS

All faculty and planning committee members participating in this course are required to disclose to participants any relationship, including financial interest or affiliation with a commercial company. Full disclosure of faculty & planning committee relationships will be made available to participants in conference materials.

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with accreditation requirements and policies of the Missouri State Medical Association through the joint providership of Kansas City Southwest Clinical Society and The Ed Bixby Institute for Postgraduate Medical Education at Research Medical Center, and The Research Foundation. Kansas City Southwest Clinical Society is accredited by the Missouri State Medical Association to provide continuing medical education to physicians.

CME CREDIT STATEMENT

The Kansas City Southwest Clinical Society designates this live activity for a maximum of 6 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in this activity.

CNE CREDIT STATEMENT

HCA Midwest Health is approved as a provider of nursing continuing professional development by Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. Upon completion, the participant will be awarded 7.5 contact hours. Course completion requirements include attendance for the entire course, and the completion of a course evaluation. The course planners and faculty certify that they have no affiliations with, or involvement in, any organization or entity with any financial interest in the subject matter or materials discussed in this presentation.

EMS PROVIDERS

HCA Midwest Health is an approved long-term program provider of continuing education by the Kansas Board of EMS LTPP-9166, For Missouri Providers, The Missouri Bureau of EMS will accept Kansas CE certificates of attendance consistent with 19CSR40,4(G).

ADA ACCOMMODATION

Kansas City Southwest Clinical Society, The Ed Bixby Institute for Postgraduate Medical Education at Research Medical Center and The Research Foundation comply with the Americans with Disabilities Act and will make reasonable accommodation. Registrants with disabilities requiring accommodation should advise The Research Foundation in advance of the seminar so we can address your needs.

ACKNOWLEDGEMENTS

The Research Foundation would like to acknowledge the JB Reynolds Foundation and the Research Medical Center Medical Staff for providing educational grant support to make this symposium possible.
